

DERMAPLANING PRE-CARE

Procedure: Dermaplaning
Pain Level: 0/10

Treatment Time: 15 Min
Downtime: None

Before your Treatment

- 24-48 HOURS BEFORE treatment, discontinue products containing exfoliating agents (retinoic acid, tretinoin, retinol, benzoyl peroxide, glycolic acid, salicylic acid, astringents, etc.).
- AVOID bleaching, waxing, tweezing, or using depilatory creams in the treatment area.
- If you have a history of Herpes or cold sores, a course of anti-viral medication before and after treatment is required. Please call our office for a prescription.

Day of your Treatment

- Please come to the office without makeup, creams, gels, or lotions on treatment areas.

What to expect

- You may experience slight redness and swelling, which should resolve within 24 hours.

After Your Treatment

- 24-48 HOURS AFTER treatment, discontinue products containing exfoliating agents (retinoic acid, tretinoin, retinol, benzoyl peroxide, glycolic acid, salicylic acid, astringents, etc.).
- You may resume your regular skincare routine 24 hours after treatment.

Follow-up

- 1 month
